

October 2022

Lebanon Harrington-Laundry Home Update

Have you seen the latest?

The Lebanon home for the Harrington-Laundry home is progressing smoothly. We now have windows installed! This means siding can continue, the electrician can start the electrical rough-in, and the insulation can then be installed.

Thanks to Dartmouth Women's Tennis, Hypertherm, our Board, and many individuals for braving their fear of heights and tackling installing shingles and soffit this September!

Register to Volunteer!

This month we will be tackling finishing the exterior siding and starting the interior with installing drywall on interior walls before insulation is blown in on exterior walls.

October is also full of companies volunteering for Team Build days, but don't worry, there are still workdays available for individual volunteer opportunities. [Visit our volunteer portal to schedule your volunteer opportunity!](#)

Women Build!

We Want You!

Empowered Women Empower Women!

[Click Here To Learn More](#)

The first Saturday in November (11/5) is our Women Build!

Colleagues, friends, and families come together for this crucial work to empower women.

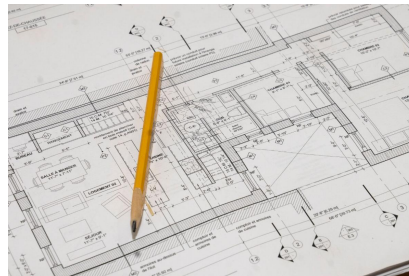

Show up to help more women overcome the gendered barriers to homeownership. No experience or expertise is necessary, our staff will patiently guide you through each task. Women Build volunteers will be installing siding, drywall, and prepping for interior work.

Interested in joining women build? Visit our [volunteer portal](#) to reserve your spot in this impactful day!

Land Donation: Thank you, Estate of Ernest F. Wilcox!

In late August, we received an incredibly generous **donation of 12 acres of undeveloped land** on Christian Street in Hartford from The Estate of Ernest F. Wilcox. We are extremely thankful to Mr. Wilcox and his Estate for gifting us such a large plot of land in the heart of Vermont's Upper Valley and in such a desirable location for future homeowners. It will be some time before we develop this site, but we look forward to keeping you informed of plans and honoring Mr. Wilcox's legacy.

Thank you, Tom Kahl, for keeping our White River Junction lot mowed this summer!

Join Us!

We rely greatly on the time, skill, and talents of community member volunteers. As we look forward to the end of the year, several board members will be terming off the board. We are seeking general Board and Committee members. [You can find descriptions for all positions on our website.](#) Thank you for considering serving with us!
