

February 2020

Now Accepting Applications for Homeownership!

We are currently in the design and planning phase for our next house, a High-Performance duplex in Lebanon, NH, that we anticipate beginning this spring.

We are now accepting applications for one unit of this duplex, Unit B.

Unit B will be an all-electric, 3-bedroom, one-story home built on a slab with an attached one-car garage. Even though this house is in New Hampshire, it will be built to Efficiency Vermont High Performance standards (like our last house in Sharon).

Applications are due Monday, March 9, 2020.

Want to Make a Difference? We're Hiring!

WE'RE HIRING:

Administrative Assistant

Work for a great cause

Want to work with a great team for a great cause?

We're seeking a part-time Administrative Assistant!

The position starts at 10 hours per week and has the potential to grow with our organization. We're looking for a motivated, detail-oriented problem solver to assist with

volunteer coordination, family selection and support, website and database management, marketing, fundraising and more.

Applications are due Monday, February 17, 2020.
